

Armstrongs Chemical Works

March 19th 1860

Master & Refiner
U. S. Mint
Sir

Mr. Phillips having informed me of a
complaint preferred against the last two Bbls. fused
Borax sent you - allow me to state that the
Borax (a portion of 20 Cases) underwent fusion in
the usual manner under my personal supervision,
and that I am prepared to certify that there was no
adulteration of any description practiced

Yours Respectly

Thos. W. Prady

Manager & Chemist

V.S. Allow me to refer you
as to capacity to

Geo. T. Lewis Esq.
